

LAID DOWN ARMS

Over Two Hundred Boers Under Gen. De Villiers Have Surrendered to Gen. Warren.

CAPE COLONY REBELLION AT AN END

All That Part of the Country North of the Orange River is Now Clear of the Rebels.

Considerable activity in the Eastern Part of the Orange River Colony—Transvaal Officials Will Continue to Fight.

London, June 27.—The war office has received the following dispatch from Lord Roberts:

"Pretoria Residency, June 26.—Sir Charles Warren reports that the rebellion in Cape Colony north of the Orange river is now over. The last formidable body under Commandant De Villiers surrendered on June 20, consisting of about 220 men, 80 horses, 15 wagons, 200 rifles and 100,000 rounds of ammunition. "Gen. Baden-Powell reports that pacification is going on satisfactorily in the 'Rustenburg district.' "The Boer commandos in the eastern part of the Orange River Colony appear to have been broken up, and their leaders for the time into small parties that harass large columns of the British incessantly, cutting off scouts, sniping, and robbing, and showing the slow-moving bodies. Commandant Christiaan De Wet, the Boer's principal commander, is the hero of the Boer side in the last few days of the rebellion. "Lord Roberts' columns are steadily contracting the circle of their advance."

Transvaal officials who were interviewed at Machodopoort by a correspondent of the Daily Express asserted an intention to hold out to the east. President Kruger will probably retire to Waterval Onder or Nelspruit. His physician thinks his condition of health will not allow him to go to the high veldt. "The British prisoners at Nootdop are now more comfortable. Large quantities of food and blankets have been forwarded to them, and their inclosure is lighted by electricity. "Pretoria telegrams say that supplies of warm clothing are reaching Lord Roberts' infantry, who had been ragged and had suffered from the cold."

Commandant Gen. Botha is uncommonly active east of Pretoria. The Canadians are doing splendid outpost work.

FLOOD IN GEORGIA.

Many Plantations Are Inundated and Much Cotton Ruined by Overflowing Rivers.

Columbus, Ga., June 27.—The continued heavy rains are putting the farmers behind with their crops and the grass is getting a fresh start on them. The wet weather is hard on the fruit crop, especially the peaches. The Chattahoochee has overflowed its banks and the adjacent lands are now flooded like the one in February last. Almost the water is too high for the mills to work. Down the river many plantations are inundated and much cotton ruined.

Mills Compelled to Shut Down. Athens, Ga., June 27.—The constant rains for the past week have swollen the waters of all the streams in the surrounding country. The Geesee is far above the high-water mark, and the Athens factory was compelled to shut down. Other mills in the vicinity have also stopped.

River Flooding at Augusta. Augusta, Ga., June 27.—The river is still falling, but the mills are still shut down. No damage has been done to the city, but the corn crops on the lowlands below the city are completely lost.

Crops in the Lowlands Ruined. Macon, Ga., June 27.—The Ocmulgee is at the highest point in many years. Crops in the river swamps are ruined and many fields are filling with sand.

Cloodwater in Minnesota. Winona, Minn., June 27.—A cloudburst in Pleasant valley caused a section and unexpected rise in Sugar Loaf mill pond. Before the gates could be opened the water was flowing over the top of them, and in a few minutes later the gates went out. The rush of water also carried away considerable of the embankment and caused great damage to the Winona & Western tracks. Many acres of farm lands were inundated. A flood was also experienced by farmers along the Glimore Valley road from the same cause.

Beaten and Robbed. Chicago, June 27.—Louis M. Stern, a wealthy merchant living at South Bend, Ind., was beaten into insensibility and robbed of \$4,000 in cash by two men at Twelfth street and Fifth avenue. No clew to robbers.

Taken From Bed and Shot. Molena, Ga., June 27.—Jordan Hines, a young man, was pulled from his bed during the night, taken a mile from his home and shot to death by unknown parties. No cause for the killing is known.

ADVANCE GUARD ARRIVES.

The First Delegate to the Democratic National Convention Has Reached Kansas City.

Kansas City, Mo., June 27.—The first arrivals for the democratic national convention were John J. Fitzgerald, a delegate from Kings county, New York, and Jacob Ruppert, Jr., of New York city, an alternate-at-large. Both are quoted as saying they do not favor the free silver plank in the democratic platform.

"There are so many issues more important," said Mr. Ruppert, "that I think free silver need not be mentioned at all. The party in the east will not stand for free silver."

Sterling Price, of Texas, arrived from the south and began arrangements for opening headquarters for Congressman Wm. Sulzer, of New York, who is expected on Friday. Incidentally, Mr. Price started a boom for the New Yorker for vice president.

"The west knows," Mr. Price is quoted as saying, "that the candidate for vice president must go to the east. It ought to be New York. Hill is in the front of the question. Sulzer is the man who appeals to the elements we need to carry New York."

Although the democratic national committee will not meet here until Monday next to select its temporary officers, considerable gossip is being indulged in as to the selection of temporary chairman. The Star says that it lies apparently between A. R. Rose, mayor of Milwaukee, and Gov. C. N. Tamm, of Missouri, who has the chances in favor of Mr. Rose.

Discharging the Posse Comitat. St. Louis, June 27.—Sheriff Pohlman was ordered by the police board to discharge the posse comitatibus forthwith, as it is regarded as being no longer necessary to keep an armed body of men to preserve the peace. President Hayes telephoned Col. Canfield, in command of the posse, informing him of the board's action. Col. Canfield at once proceeded to carry out the instructions. He said he thought it would take two or three days to muster out all the men.

The Vessel a Total Wreck. Kingston, Jamaica, June 27.—The Liverpool Salvage association has called to its agents to relieve the vessel and abandon the stranded Cunard line steamer Carinthia, which grounded at Santa-Gravels, Hayti, May 15, while conveying 1,400 miles from New Orleans to Cape Town. The wreck has been handed over to the Lloyd's agent at New York, because of the report of the agent, Capt. Young, that the vessel was required to float the vessel would be very heavy.

Miners Entombed. Shamokin, Pa., June 27.—Several pillars of coal collapsed in the No. 30 vein in the Bleson shaft, causing a gangway to be closed in, entombing Robert Taylor, a miner, and his Hungarian laborer. Another laborer is also unaccounted for. A rescuing party is endeavoring to reach the entombed men, but it is likely the fate of the latter will not be known for some time, as a huge mass of coal will have to be penetrated.

Brothers the Victims of Robbers. Chicago, June 27.—The dead body of Louis Ambler and the unaccounted for of his brother Samuel were found on the railway track near Harvey, Ill., the victims of robbers. Louis' head had been crushed with some sharp instrument. All his valuables had been taken. Samuel had been struck over the back of the head, but will recover.

May Find the Big Strike. Chicago, June 27.—The bricklayers' union has withdrawn from the building trades council. It is said this move is the practical ending of the strike that has been in progress for months, tying up building operations in Chicago and keeping many thousands of laborers unemployed.

Double Domestic Tragedy. Omaha, Neb., June 27.—John Stumpfman, a carpenter, living in the extreme southern part of the city, shot and mortally wounded his wife and killed himself in their home. The tragedy was the culmination of a night's quarrel over domestic affairs.

Recruiting Troops to Go to China. El Reno, Okla., June 27.—A. M. Baldwin, of El Reno, has recruited a company of volunteers and offered their services to the government through Gov. Barnes, in case hostilities require the sending of more troops to China.

One More Body Found. McDonough, Ga., June 27.—One more body, that of Walter Jackson, section foreman, was recovered from the wreck of the Southern train. The swamps are being searched for miles below the wreck. Many bodies are still unidentified in McDonough.

Our Grain in Liverpool. Liverpool, June 27.—The imports of wheat into Liverpool for the past three days were 260,000 cwt., including 119,000 American. The imports of American corn into Liverpool for the past three days were 76,000 cwt.

Relief of Comassie Delayed. Praha, June 27.—In consequence of the tremendous rains that have been falling recently, the Praha river is now unprecedentedly high. In view of the advance of the Comassie relief expedition is delayed.

Women Lawyers Barred. Nashville, Tenn., June 27.—The Tennessee supreme court has decided that women can not practice law before any of the courts of Tennessee. Judges Wilkes and Caldwell dissented.

All Foreigners Said to Have Been Sent From Peking Under a Weak Chinese Guard and Their Presence at Tien-Tsin.

Che-Foo, June 27.—The Americans and British entered Tien-Tsin, first fleeing the guns of the arsenal and breaking through the Chinese lines. The foreigners were close behind. The Russians lost four killed and 30 wounded. The losses of the other nationalities were small.

Adm. Seymour's force is about ten miles from Tien-Tsin. It is surrounded by Chinese troops and "boxers" and hampered by the presence of sick and wounded. It is reported that all foreigners were sent from Peking with a weak Chinese guard, and it is assumed that they are with Adm. Seymour. One thousand Japanese are landing at Taku and 2,000 more are expected tomorrow, when a battalion of French is also due.

AS REPORTED TO LONDON.

In All Probability Outbreaks Will Be Made in the Foreign Provincial Cities.

London, June 27.—A fresh phase of the rebellion in China is the probability of immediate outbreaks in the great southern provincial centers. The populace there is daily assuming a more hostile attitude toward foreigners, and the latter perceive symptoms of a general rising, especially at Nanking, where, according to a dispatch to the Daily Express, Kang-Wan, one of the most truculent enemies of foreigners, has arrived by way of the Grand canal, armed with full powers from the empire to deal with the southern provinces. The friendly attitude of Viceroy Liu Kun Yih toward foreigners has brought him into disrepute with Prince Tuan, president of the Tsung Li Yamen.

Shanghai cables that the French consul there has received a cable from Shan Tung asserting that 11,000 Chinese troops are making a forced march from Shan Tung to Peking. Two Jesuit fathers and 100 native Christians have been murdered in the southern part of the province of Chi-Li. The Chinese military authorities have been discovered recruiting at Shanghai inside the foreign settlement, and some agents have been arrested in the act of constructing entrenchments around the European concessions.

A Chinaman connected with war purchases for the Chinese government in Europe, who has been interviewed by the Daily Express, says that China has immense quantities of arms and ammunition, and will "defend its humanity" if driven to defend herself.

GEN. CHAFFEE TO COMMAND.

The United States Government Will Place an Adequate Military Force in China.

Washington, June 27.—The purpose of the government to place an adequate military force in China was made perfectly clear when orders were issued to Brig. Gen. Adna R. Chaffee to take command of the forces in China and to proceed at once to assume his new duties. More significant, probably, than the assignment itself was the wording of the formal orders to Gen. Chaffee, issued late in the day by Acting Secretary of War McElhannon, directing him "to take command of the troops ordered to China and to proceed to Peking by way of San Francisco and Taku, accompanied by his aides."

It has been expected that the military force would be concentrated at Che-Foo or some other convenient military base, but the direction to proceed to Peking, the capital of the Chinese empire, indicates a firm de-

termination on the part of the government authorities to have a strong military force at the seat of the Chinese government. The announcement of Gen. Chaffee's assignment and the orders to proceed to Peking came after the state department had declined to accede to a second proposition from the six great viceroys of China that foreign troops be kept out of China until Li Hung Chang reaches Peking.

Brooklyn Seils for Taku.

Brooklyn, June 27.—The United States armed cruiser Brooklyn, with 300 marines from Cavite, has sailed for Nagasaki, where she will call and from which place she will go to Taku. Robert L. Meade is in command of the marines. The United States transport Logan, with the 9th infantry, and the United States gunboat Princeton will follow tomorrow.

Missionaries Reach Hong-Kong.

Hong-Kong, June 27.—The steamer San Chui arrived here from Wu Chuan on the west river, with a number of lay missionaries. She reports that the other Europeans are preparing to leave Wu Chuan, as the natives are conducting anti-foreign demonstrations.

CLEAR OF YELLOW FEVER.

TUESDAY'S NEWS IN BRIEF.

It is reported that the Russians are moving 30,000 men toward New Chang.

The great viceroys of China have petitioned the powers to keep their troops out of China until Li Hung Chang reaches Peking.

The secretary of state has received a dispatch from Consul Fowler, at Che-Foo, saying that the combined forces entered Tien-Tsin on the 23d inst. with but little loss.

The officers of the British first-class cruiser Terrible assert that dispatches exist between the Russians and Anglo-Americans. It is believed the Russians are planning to break the concert and take possession of Peking independently.

According to the report of a Chinese refugee who has arrived at Shanghai, everywhere in the streets of Tien-Tsin are bodies of massacred men and women, Americans as well as other nationalities. The Hong-Kong and German battleships were destroyed.

Gen. A. R. Chaffee has been assigned to command the American forces to be operated in China. He will be in San Francisco ready to sail for Tien-Tsin on the Grant on July 1. Gen. MacArthur has been called to direct the commander of the 9th infantry and other forces may be operating in China by the time the Grant arrives to report to Gen. Chaffee.
